

WIRELESS CHARGING MOUSE PAD

WARNING

Please read and follow all of the instructions & safety precautions detailed below prior to using this product. Failure to do so may result in serious personal injury and / or property damage.

Safety Precautions

- Do not expose this product to heat sources (including open flame or direct sunlight)
- Do not expose this product to water or liquids. If liquid enters the product, immediately unplug the product from any connected power sources or devices.
- Do not disassemble or modify the product
- Avoid dropping this product (or any other heavy impact which might damage the internal circuit)
- In the unlikely event of any abnormalities (such as strange odor, overheating, leaking, color change, etc.), discontinue use immediately.
- Avoid cleaning this product using liquids or chemical substances (use dry cloth only)
- Only use attachments/accessories specified by the manufacturer
- Dispose of this item properly (do not dispose of it in trash receptacles and do not attempt to incinerate it)
- Do not leave this product unattended while it is in use or while it is being charged
- Use certified A/C adapter (not included) to connect this item
- Disconnect the item from A/C adapter (not included) after use
- This product is not a toy: KEEP AWAY FROM CHILDREN
- Do not charge more than 1 device at the same time
- Wirelessly charging a tablet is not recommended
- It is recommended to remove smartphone cases when recharging your device as heavy cases may disrupt wireless charging capability

Specifications

Model: SW004
Item No.: 32253
Power Input: DC 5V/1.2A
Wireless Power Output: DC 5V/0.8A
Accessories: 1 meter micro-USB/USB Cable

Product Map

To wirelessly charge a wireless enabled smartphone device using the mouse pad

- Make sure your smartphone has integrated wireless capability or is equipped with wireless charging adapter
- Insert the micro USB output of charging cable (included) into the input port (⚡ icon) of mouse pad & connect USB output of the cable to a certified wall adapter (not included)
- The red & blue LED will flash once to indicate that the mouse pad is ready to wirelessly charge your smartphone. Center your electronic device over the (📱) icon. A blue LED will remain lit while charging your device & may remain lit once fully charged. (NOTE: some smartphones with integrated wireless capability can deactivate the blue LED on the mouse pad once the device is fully charged)
- To stop charging, remove your electronic device from the (📱) icon on mouse pad and disconnect the charging cable

NOTE:

- only smartphones equipped with wireless charging capabilities are able to use the wireless charging of the mouse pad
- the wireless charging dock of mouse pad will activate only when it is connected to a certified A/C adapter (not included)

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference, and
- This device must accept any interference received, including interference that may cause undesired operation.

Warning:

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
